

KSDS, Inc. Career Change Application

KSDS, Inc. is a non-profit organization that trains and places Guide Dogs for the blind and visually impaired and Service Dogs for the physically disabled. The dogs used for the program are screened and tested on their physical qualities, trainability, how well they adjust to new environments and temperament. Some dogs will not pass these entire tests, they are released and available for adoption. Other dogs available for adoption can include a retired Guide or Service dog. These dogs are all in need of a stable and loving home.

To place your name on file as being interested in adopting a released or career change dog, please complete the following so a dog can be better matched with you.

Check your preference:
