****Updated January 27, 2021 ****

Dear KSDS Family and Friends,

First, we want to thank you for the outpouring of support we have received throughout this unprecedented time. We are taking the pandemic very seriously and are working hard to manage its impact. This situation is ever changing, and we are committed to the health and safety of our employees, graduates, and supporters.

We are relying heavily on the recommendations of the Centers for Disease Control and Prevention (CDC), as well as local authorities. Based on their recommendations, KSDS will be open to the public on a limited basis but is requiring all guests to wear masks and practice social distancing. We are taking precautionary measures, such as washing of hands, extra cleaning, temperature checks, and additional sanitation of surfaces that are frequently touched. We will continue to limit the amount of traffic we have on campus. Unfortunately, that means we are unable to do puppy socialization, graduations, or any large gatherings at this time.

As always, KSDS is committed to our mission and believes strongly in doing our part to help the greater good. We will follow this plan until March 15, 2021, at which point it will be re-assessed. Again, thank you for your support; we know these are very trying times for everyone.

We appreciate your understanding in this matter!

Warm Regards,

Kelly Mayer, CEO
